

GROUP PURCHASING PROGRAM

Midwest Volleyball Warehouse would like to offer you and your players, families and fans to take part in an exclusive **Group Purchasing Program**. Now when they are cheering on their favorite team, they can also show their support by wearing team gear.

No longer will you have to deal with the tedious administration work of creating order forms, gathering size/name details, handling individual checks or cash, placing a large order for accessories, and sorting and distributing the accessories to players and parents once they arrive.

With our **Group Purchasing Program**, we can customize an order page with the optional products you want to offer to your players, parents and fans right from our website. A special "Group Code" will give access to your team specific page, along with discounts available for products and accessories on that page. All you have to do is assign which products you would like them to have the option to order, and then let them choose what they want. Payment and shipping information will be provided by the person(s) making the purchase(s).

Here are some examples of what you can choose to provide to your players, parents and fans:

- Optional accessories that some players may already have, such as a back packs or warm-ups;
- Accessories that players may want more of, such as tri-shorts or socks;
- Apparel that can be personalized (screen printed or embroidered) with your teams logo or name, such as practice t-shirts or sweatshirts. We can even add individual player (or parent!) names and numbers to each item!

Call us at 1-800-876-8858 and we can start setting up your teams personal **Group Purchasing Program** page today! (Special group discounts are available on most items.)

Choose Your Products

Visit our website at www.midwestvolleyball.com to see what kind of products we have available. Then call us at 1-800-876-8858 to tell us what you would like to offer or we can give you suggestions.

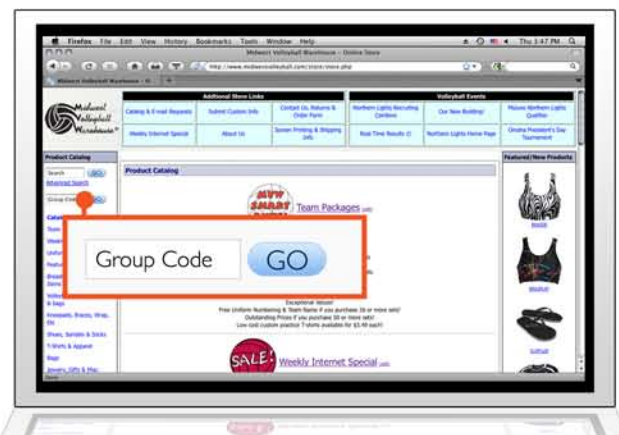

Provide Group Codes

Once your Group Shopping site is available, we will then provide you with a "Group Code" that you can give to players, families and fans to order products online.

{GROUPCODE}

Players, Families and Fans

Individuals will be able to go to our website, enter their Group Code and choose the products they wish to purchase. They will provide their own shipping and payment information. Remember there must be a cut-off date to order. Once that day has come, all special orders (screen printing and embroidery) will be produced and shipped out.

Game Day

Players, Families and Fans cheer on their favorite team in style!
